[KST-1] The pagination buttons cannot be clicked on any of the product catalog pages after scrolling down

Status:	To Do
Sprint:	Kasta.ua (KST)

Type:	Bug	**Severity:**	Medium
Reporter:	Daria Pyrohova	**Priority:**	High
Environment:	Windows 11 Google Chrome (138.0.7204.184), Mozilla Firefox (141.0.3), Microsoft Edge (139.0.3405.86)		

Description

The pagination buttons cannot be clicked and constantly go down due to the endless loading of the next products on any of the product catalog pages after scrolling down.

Steps to reproduce:
1. Open the site https://kasta.ua/
2. Open any link from the category carousel (for ex. "Жінкам");
3. Scroll down to the pagination buttons;
4. Try to press any pagination button;
5. Pay attention to the endless loading of the next products.

Actual result: The pagination buttons cannot be clicked and constantly go down on any product catalog page due to the endless loading of the next products

Expected result: The pagination buttons can be clicked and they redirect to the correct product page

Environment:	Windows 11 Google Chrome (138.0.7204.184), Mozilla Firefox (141.0.3), Microsoft Edge (139.0.3405.86)		

Description

Cart, logged in user => number of products is not decreased when the "-" button is clicked after reaching the maximum quantity of product and appearance of the validation message "Кількість резервів обмежена"

Steps to reproduce:
1. Open the site https://kasta.ua/
2. Log in to the account;
3. Open any link from the category carousel (for ex. "Взуття");
4. Open any product category link from the "Взуття" page (for ex. "Жінкам");
5. Add any product to the cart (for ex."Черевики Reserved (304469934)" in size 38);
6. Open the cart;
7. Add maximum number of current product to the cart until the "Кількість резервів обмежена" message is displayed;
8. Try to decrease the product number by clicking the "-" button.

Actual result: The number of products is not decreased when the "-" button is clicked after reaching the maximum quantity for the current product and appearance of the message "Кількість резервів обмежена"

Expected result: The number of products is decreased by 1 when the "-" button is clicked after reaching the maximum quantity for the current product and appearance of the validation message "Кількість резервів обмежена"
